

WOODBURY

SCHOOL *of* BUSINESS

August 3, 2022

Donald W. Dee,

We are so grateful for your willingness to come and work with our students. It was a pleasure to welcome you back to Utah Valley University and to introduce you to students in our Masters of Financial Planning and Analytics program.

Your knowledge of the precious metals industry is unmatched, and you opened us up to a new world of possibilities as we stay on the cutting edge of portfolio construction. We appreciate your professionalism. Your focus on helping people develop portfolios that fit both their budget and long-term goals was inspiring. We look forward to working with you and with Rare Coins of New Hampshire in the future!

Yours Sincerely,

Dr. Jacob P. Sybrowsky
